

ANDREW MARTIN

Glacier Lagoon

Outdoor Fabric

Glacier is a strong geometric design made up of concentric diamonds. The jagged edges and alternating tones give this print a lively and dynamic feel perfect for bringing your outdoor space to life.

This fabric is part of our collection 'The Great Outdoors', it has a shower resistant finish which is also anti-mould, anti-mildew and anti-microbial. Each fabric has been printed using EcoFast digital pigment printing methods, which use 50% less water than traditional print methods. We do recommend however, that this fabric is looked after carefully and best used in dry weather. As with most outdoor textiles, it should be stored inside when not in use, or during periods of wet, cold or damp weather.

This fabric can be FR treated to BS5852 Match Upholstery for indoor use.

Specification

| | |
|------------------------------|--|
| Product Code: | TGOGLOULA |
| Width: | 137 (cm) |
| Composition: | 100% Polyester |
