

ANDREW MARTIN

Peter Disk

Side Table

Petrified wood is the result of permineralization which turns wood to stone, a process which takes place when wood becomes buried under sediment or volcanic ash and is preserved due to lack of oxygen.

Each table top is a totally unique slice of stone and will vary in appearance from a light cream to a dark brown finish.

When you have placed your order, our Design Support Team will then contact you via email with images of all available tables, so you can choose your very own unique piece!

Specification

Product Code:	ST0199
Product Height:	55 (cm)
Product Diameter:	45 (cm)
Weight:	20 (kg)
Collection:	Signature
CBM:	0.16
Next Stock Due:	21 June 2024
Boxed Dimensions:	48 x 48 x 63 - 23kg
EU Commodity Code:	68159900
US Commodity Code:	9403500000
Country of Origin:	Indonesia
