Chair

*Colourful Moroccan fabric armchair*

Bring the warmth and joy of the Medina into your home with this beautiful and colourful chair upholstered in original Moroccan textiles. Available in orange, pink, white, green, yellow or blue, the fabric on these armchairs is handwoven by artisans in Marrakesh. Made of natural and bio cactus silk thread produced by the following process: fibres are collected from the aloe vera plant, spun, and woven. The thread is then dyed in beautiful shades, and hand loomed to make each piece wholly unique.

When you have placed your order, our Design Support Team will contact you via email with images of each Regal we have available, so you can choose your very own individual chair!
